1 Your Contribution to the Group

During the past two weeks, I have been working largely on organizational matters for the team, including communications, wiki, email, and timesheet setup. I have set up teams and collaborated with them on design decisions and plan of action. I have also set up the video feed, and started working on recognizing the ball.

2 High Points of Your Contribution

- I organized the team structure and split tasks between teams.
- I set up the video feed and started working on recognition of the ball.

3 Areas to Improve

- I would like to delegate tasks better, so I spend less time on organization and more directly working on the project.
- I would like to distribute and assign tasks better, so that everyone in the team always has something to work on.

I set early deadlines for all tasks related to milestone 1. All the deadlines I set were kept, and so milestone 1 was completed by Friday. This gave our team additional time to look ahead into the next tasks.
