1 Your Contribution to the Group

During the last two weeks, I give a first try to this milestone, from both the robot assembling and code aspects. After that, I helped doing experiments with the robots and fixing problems by changing the code or the robot structure.

2 High Points of Your Contribution

- I wrote basic robot code for the moving and sensors.

- I helped building and testing the robot for this milestone.

- I did some study about the Lejos API.

3 Areas to Improve

- I would like to focus more on the task I was allocated to do later.

- I need to do more study of codes from previous years and learn the best from them.

4 Points Awarded to Each Member (out of 5)

- Peter Macgregor - 4
- Patricia Dragan - 3
- Egidijus Skinkys - 3
- Andrew Leith - 3
- Nursultan Askarbekuly - 4
- Peak Limpiti - 3
- Zhang Chen - 3
- Aris Tsialos - 4
- Kuba Kaszyk - 5

5 Additional Information

I am working a simulator based on the webots and I believe it will help the AI part later.
